Review of agenda additions and general comments

**Introduction/Overview of Meeting:** The Young Child Wellness Coordinators facilitated the meeting. The meeting started with the coordinators sharing the progress that each tribe had made.

The coordinators then shared the final draft of the strategic plan that was submitted to the Federal Project Office of SAMHSA.

The Goals and Objectives were reviewed with the Chi Mno Penojewen starting with Goal 3: To increase public awareness of children’s mental health, and working through Goal 2: To implement a community plan of direct service delivery that increases coordination and collaboration among agencies and systems serving young children birth through age eight, expectant mothers and the families of both. Members of the Chi Mno were asked to provide suggestions. The suggestions provided for all goals were recorded. (See Attached document)

The final activity of the meeting was the choosing of the winner of the logo contest. Pokagon’s had 4 entries, Huron had 2 and Gun Lake had 2. The winner was chosen from the Pokagon band.

Lunch was then served
